Jarrod Tran

AI Product Leadership | Enterprise Deployment

Houston, TX jarrodtran@outlook.com linkedin.com/in/jarrodtran jarrodtran.com github.com/jarrodtran

Summary

I turn enterprise AI pilots into products people use. At Tesla Energy, I built the team shipping production AI tools and the training and reporting behind adoption.

Experience

Tesla | Lead, AI Enablement & Factory Strategy

Aug 2023 - Present

Rejoined in 2023 after Apple and Waymo.

- Built and lead a product and engineering team serving 1,000+ active users across 20+ production AI tools: RAG troubleshooting, automated reporting, workflow automation, and decision support.
- Own the AI roadmap and rollout for 10,000 employees: rank use cases by time saved and decision quality, assign owners, and pair releases with training and weekly adoption reporting.
- Modeled roughly 540 hours reclaimed per week and $1.6M in annualized productivity value from AI tools.
- Built Python and Tableau models to rank investment requests by return.
  Allocated $23M across 50+ initiatives for $156M in incremental annual profit.
- Scaled Megapack 3.2× and redesigned the investment plan to mitigate $550M in projected tariff exposure.
  A separate program delivered $260M in annualized savings.

Waymo | Strategy & Operations Manager

Oct 2022 - May 2023

- Led annual planning, OKRs, and quarterly business reviews for Engineering Operations.
  Turned leadership priorities into resource plans, targets, and milestones.
- Aligned hardware, software, fleet, Product, Legal, and Engineering on priorities for commercial deployment.
  Built leadership dashboards for fleet health, performance, and milestones.

Apple | Strategic Operations Program Manager

Jun 2021 - Jun 2022

- Led the 0-to-1 iPhone launch in India from market entry and partner qualification through readiness and scaled delivery under tight quality, regulatory, and timing requirements.
- Supported 293% year-over-year unit growth (4.3M to 16.9M) as reported program revenue grew from $2B to $10B, and expanded exports from 6 to 40+ countries.

Tesla | Program Manager, Special Projects

Jun 2018 - Jun 2021

- Advanced Project Roadrunner, Tesla's 4680 program, from pilot to launch readiness through Battery Day.
  Led Model 3 and Model Y planning and recovery.
- Designed and launched Warehouse on Wheels, a $3.5M per month coordination platform that protected product availability across rapid Model 3 and Model Y scale-up.

Amazon | Operations Area Manager

Mar 2017 - Apr 2018

- Led 100+ associates in a high-volume fulfillment center.

Education

University at Buffalo | B.S. Business Administration, Finance | Cum Laude
